Newsletter September 2021

The Workshop is open during Covid Level 2.

While in Level 2, members must sign in, wear a mask and observe social distancing. Only one lathe per table will be available. These restrictions will cease when we return to Level 1.

Club Afternoon 1pm-4pm

Thurs 21st Club Evening 7.00pm-
9.00pm

Wed. 27th Club Afternoon 1pm-4pm

Thurs 28th Club Evening 7.00pm-
9.00pm

Thursday evening projects

The October Thursday members' night theme is making your own Kokeshi doll. See the photo below for examples. Paul says that the bigger doll on the left requires careful measurement, but the turning in 3 parts is not difficult. The 2 on the right are hollow, but he intends people to turn them whole. The head and body piece are fixed by a trapped peg as a neck which wobbles and would be fun to make.

Painting/decorating is not arranged!

Kokeshi dolls

New Course

Noel Graham will be starting a new NAW Course when he has sufficient members interested. This is the complete woodturning course. It takes place on Wednesday and is a full day, once per month. If you are interested, contact Noel.

Reminder

The Club is concerned about safety in the Clubrooms. There must always be two or more members in the Clubrooms when they are open.

Bowl turned and carved by Fay Alford
